

BHAVAN'S B. P. VIDYA MANDIR, KORADI

INSPERIA

EDITION 3
08 February 2025
Session 2024-2025

Editor's Desk

As we celebrate Munshi Memorial Day, we take a moment to honor the remarkable legacy of Kanhaiyalal Maneklal Munshi Ji—a visionary, a patriot, and a stalwart of Indian culture. His contributions to literature, education, governance, and heritage preservation continue to inspire generations, shaping the intellectual and moral fabric of our nation. A prolific writer, constitutional expert, and the esteemed founder of Bharatiya Vidya Bhavan, Munshi Ji was more than a scholar—he was a nation-builder. His deep-rooted belief in cultural resurgence, ethical governance, and educational excellence serves as a guiding light for students and educators alike. His dedication to reviving India's rich traditions while fostering modern thought and progress remains an enduring lesson for all of us.

Editor's Desk

At Bhavan's BP Vidya Mandir, Koradi, Nagpur, we take immense pride in upholding the values that Munshi Ji so dearly championed. The release of 3rd edition of Insperia, the school's online magazine, stands as a testament to our commitment to intellectual growth, creative expression, and academic excellence—principles that Munshi Ji himself envisioned for young minds.

As students, we must strive to embody his ideals—seeking knowledge with dedication, embracing leadership with humility, and preserving our cultural roots while embracing innovation. Let this day be more than a remembrance; let it be an inspiration to work tirelessly for a better, stronger, and more enlightened India.

May Munshi Ji's wisdom continue to guide us on our journey of learning and leadership.

Munshi Memorial Day

K. M. Munshi was more than a statesman, lawyer, and writer—he was a visionary who saw education as the foundation of a strong nation. As the founder of Bharatiya Vidya Bhavan, he created an institution that continues to uphold India's cultural and intellectual heritage.

Munshiji's legacy lives on, reminding us that progress and tradition can walk hand in hand, creating a brighter tomorrow.

K. M. Munshi, a prominent freedom fighter, writer, and educator, was not only dedicated to India's independence but also to preserving and promoting its rich cultural heritage. One of his most notable contributions was the establishment of cultural institutions known as Bhavans, which continue to play a vital role in shaping India's cultural and educational landscape.

Munshiji founded the Bharatiya Vidya Bhavan in 1938, with a vision to bridge India's ancient traditions with modern education. The Bhavan's became centers for learning, focusing on the arts, literature, philosophy, and history, while encouraging students to embrace both traditional and contemporary knowledge.

Through his tireless efforts, Munshiji ensured that the Bhavan's nurtured the arts—classical music, dance, theatre—and provided a platform for intellectual growth. His legacy endures, as these institutions remain vibrant centers for education, cultural exchange, and artistic expression, inspiring future generations to value their heritage while progressing in the modern world.

TEACHER'S TALK

School life is a journey filled with learning, growth, and countless memories. As a teacher, I have witnessed the transformation of young minds, from their first day in school to the moment they step out, ready to face the world.

Education is more than just academics—it is about character building, nurturing creativity, and instilling values. Each student walks into the classroom with dreams, and it is our duty as teachers to guide them toward their potential. The joy of seeing a student grasp a new concept, overcome challenges, or confidently express their thoughts is truly rewarding.

Beyond textbooks, school life teaches discipline, teamwork, and resilience. It is where students form lifelong friendships and experience moments that shape their future. The lessons learned here extend far beyond the classroom, preparing them for real-world challenges.

As educators, our greatest fulfillment lies in seeing our students succeed—not just in exams, but in life. Every student who walks through these school gates carries a part of their school journey with them. And for us teachers, the impact we leave behind is our legacy.

School life is a beautiful chapter that remains etched in our hearts forever. Let's cherish it, nurture it, and continue shaping the future, one student at a time.

Helping Hands

A Birthday Celebration with a Purpose.

Miss Delisha Budhraj from std IV B always looked forward to her birthday, but this year, she wanted to do something special. Instead of having a grand party with balloons and cake, she decided to celebrate with the children at a nearby orphanage.

With the help of her parents, Delisha visited the orphanage a day before her birthday. She spoke to the caretaker and learned about the children's needs. On her special day, she arrived with a cake and snacks, for the children. Their eyes sparkled with excitement as they welcomed her with warm smiles.

Delisha cut the cake with the children, played games, and distributed gifts. The laughter and joy she witnessed made her heart feel full. Delisha realised that true happiness comes from sharing and helping others.

We are so proud of you Delisha!!!

Miss.Delisha Bhudraja IV-B

Book Review

Charlotte's Web by E.B. White

Charlotte's Web is a timeless children's novel written by E.B. White and first published in 1952. It is a heartwarming story about friendship, love, and sacrifice, making it one of the most beloved books in children's literature. The story follows Wilbur, a young pig who is the runt of the litter. He is saved from being killed by a kind-hearted girl named Fern, who raises him like a pet. However, Wilbur is later sent to a farm, where he learns that he is being raised for slaughter. He befriends Charlotte, a wise and caring spider, who decides to save his life.

Charlotte weaves words like "Some Pig", "Terrific", and "Radiant" into her web, astonishing the humans and making Wilbur famous. Because of her efforts, Wilbur is spared from being killed. Sadly, Charlotte passes away after laying her eggs, but her babies continue her legacy.

Book Review

The novel beautifully explores themes of friendship, loyalty, selflessness, and the natural cycle of life. Charlotte's sacrifice for Wilbur teaches the importance of helping others without expecting anything in return. The book also highlights the power of words and kindness. I found Charlotte's Web to be an emotional and inspiring story. The characters are lovable, and the message about true friendship and kindness stays with the reader. The book also teaches valuable life lessons about loss and new beginnings.

Conclusion

Charlotte's Web is a must-read for all ages. It is a touching reminder that friendship and love can create miracles. I highly recommend this book to anyone who enjoys meaningful and heartfelt stories.

Junior MasterChef

Meet Amaira, a talented 1st standard chef who loves creating delicious and fun recipes! She loves watching her mom cooking and started trying some simple recipes in kitchen with her mom, where she enjoyed mixing ingredients and making simple dishes

Recently, she made a yummy vegetable sandwich all by herself ! With fresh cucumbers, tomatoes, grated carrots, and a slice of cheese, she carefully layered everything between two slices of bread. She even cut it into fun shapes to make it look exciting! Cooking not only makes Amaira happy but also teaches her teamwork, creativity, and patience.

We are in awe with her culinary skills and encourage her to continue igniting this passion.

Miss.Amaira Lal I-F

Budding Chef

Meet Riddhi Sawlani, a talented 1st standard chef who loves helping in the kitchen! One day, she decided to make a simple and tasty vegetable pulao with the help of her mom.

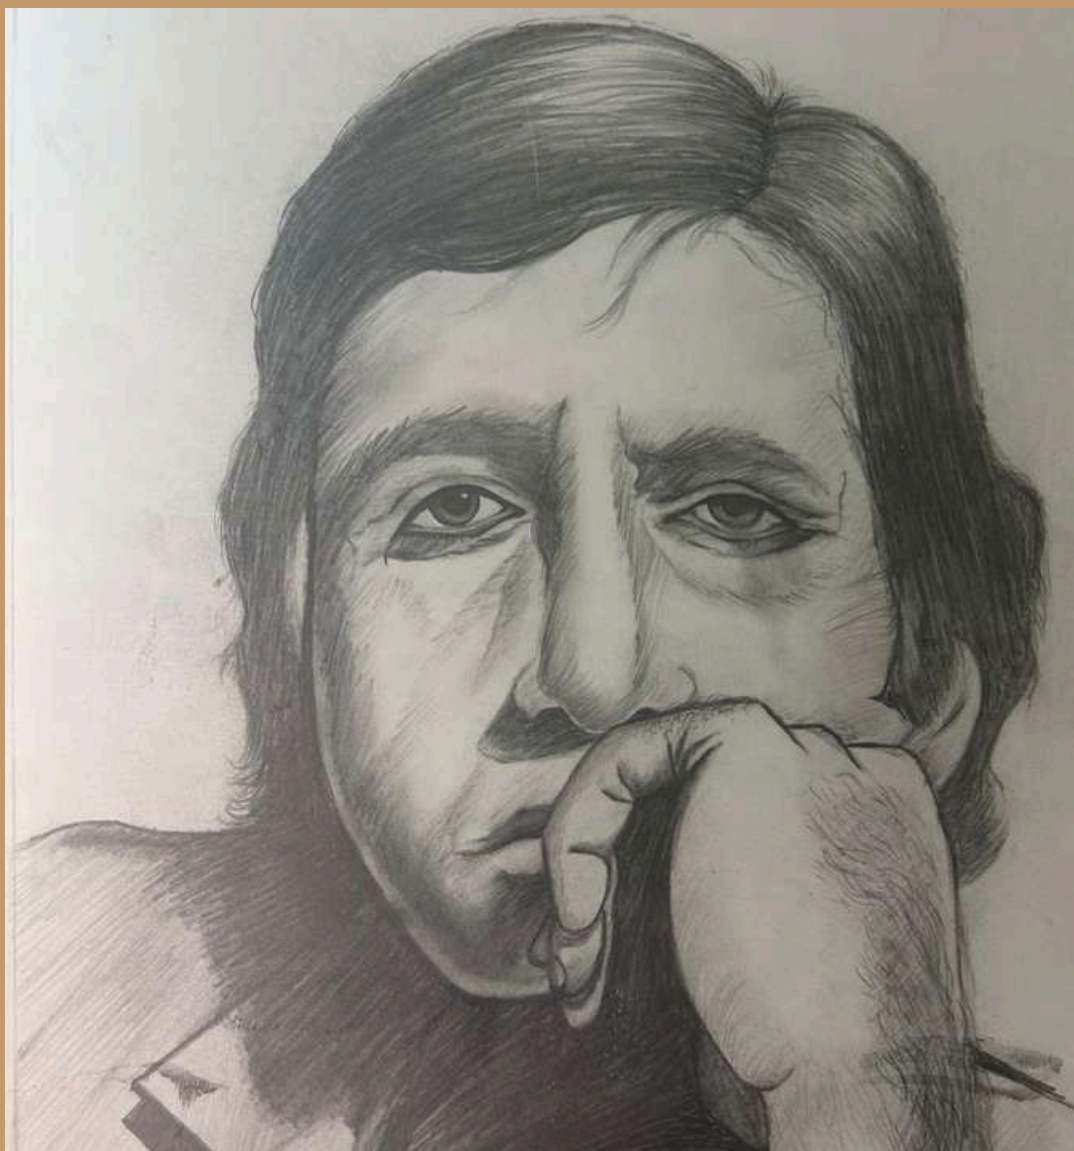

She carefully measured rice, chopped colorful veggies like carrots and peas, and added mild spices to give it a delicious flavor. With a little guidance, she cooked the rice until it was soft and fragrant. The kitchen was filled with a wonderful aroma, and soon, her homemade pulao was ready to serve!

Riddhi's family loved her dish, and she felt proud of her cooking skills.

Craftopia

Crafting memories one DIY project at a time!”

Here are 2 simple DIY projects for students:

1. Homemade Bookmark

Materials: Cardstock, markers, stickers, ribbon

Instructions:

- Cut a piece of cardstock into a rectangular shape.
 - Decorate with drawings, stickers, and your favorite quotes.
- Punch a hole at the top and tie a piece of ribbon through it for extra flair.
- Use your handmade bookmark in your favorite book!

2. Mini Plant Pot

Materials: Empty toilet paper roll, glue, paint, small stones, soil, small plant

Instructions:

- Paint the toilet paper roll in your favorite colors or patterns.
- Glue a few small stones to the bottom for drainage.
- Add soil and a small plant or seed of your choice.
- Place it on your desk to brighten up your space!

TIMELESS BOND

A mother's love, a boundless sea,
Beyond the reach of time's decree,
In whispered prayers, in quiet sighs,
It lingers where the heart defies.
With hands that cradle hopes and fears,
She carries burdens, unknown, for years.
Her gaze, though soft, is fierce and sure,
A love unyielding, vast, and pure.
Through sleepless nights and endless strife,
She fashions worlds, she shapes a life.
In silence, she bears heavy weight,
A steadfast force against all fate.
Her grace is wrought in sacrifice,
In tender wounds, and selfless price.
Yet in her depths, a strength remains—
A quiet power that still sustains.
O mothers, in your hearts we find
The pulse of all that is mankind—
A love that breaks, but does not bend,
A bond that knows no end.

THE CHANGING SEASON

Winter fades, the cold drifts by,
Springtime blooms beneath the sky.
Flowers dance and robins sing,
Welcoming the warmth of spring.

Summer comes with golden rays,
Longer nights and brighter days.
We splash, we play, we laugh so free,
Underneath the shady tree.

Autumn winds bring leaves so bright,
Red and orange, a golden sight.
They twirl, they fall, they swirl around,
A crispy carpet on the ground.

Seasons change, but I don't mind,
Each one leaves a joy behind.

The Importance of Reading

Reading is one of the most important skills a person can have. It helps us learn new things, explore different worlds, and improve our vocabulary. When we read books, we get to experience stories that take us to magical places or teach us about history and science.

One of the biggest benefits of reading is that it makes us smarter. We learn new words, ideas, and perspectives. It also helps with writing skills because when we read good books, we see how sentences are structured.

Another reason reading is important is that it relaxes our minds. Instead of spending too much time on screens, we can read a good book and reduce stress. Many people find reading before bed helps them sleep better.

In conclusion, reading is a wonderful habit that can benefit everyone. Whether it's fiction, non-fiction, or even comics, reading makes life more exciting and fun!

Pollution: A Growing Problem

Pollution is one of the biggest problems in the world today. It affects our environment, animals, and even human health. There are different types of pollution, such as air pollution, water pollution, and land pollution.

Air pollution happens when harmful gases from cars and factories go into the air. It causes breathing problems and damages the ozone layer. Water pollution is when garbage and chemicals are dumped into rivers and oceans, harming sea life. Land pollution occurs when too much trash is thrown away without proper recycling.

We can help reduce pollution by using less plastic, recycling, and planting more trees. If everyone does their part, we can make the world a cleaner and safer place.

Bal Mandir: Sprinkle Puffs

At Bhavan's B. P. Vidya Mandir Koradi, our kindergarten students embarked on an exciting hands-on learning project—growing their own vegetable garden and selling the produce at a special school market. With the guidance of their teachers, the young learners planted seeds, watered the plants daily, and eagerly watched their vegetables grow. They learned about different vegetables, the importance of sunlight and water, and the joy of taking care of nature. Their hard work paid off as fresh vegetables flourished in their little garden. To celebrate their efforts, a school vegetable market was organized during Kharikamai where the kindergarteners proudly displayed and sold their School grown produce. They took on roles as little shopkeepers, interacting with teachers, parents,

and older students, learning basic math skills and the value of teamwork. The experience not only strengthened their understanding of nature and sustainability but also built their confidence and communication skills. This wonderful initiative taught our young students valuable life lessons about responsibility, patience, and the joy of harvesting the fruits of their labor. It was truly inspiring to see their enthusiasm and pride in their achievements. Through such activities, we nurture a love for nature, learning, and entrepreneurship from an early age!

Mythological Enactment And Christmas Carols

Our Bal Mandir activities are designed to nurture young minds through play, creativity, and hands-on learning. These activities focus on developing essential skills such as communication, motor coordination, and social interaction.

Students engage in storytelling, singing, and rhymes to build language skills, while art and craft activities enhance creativity. Sensory play, puzzles, and building blocks help develop cognitive and problem-solving abilities. Outdoor games and physical exercises improve motor skills and teamwork. Group activities like role plays encourage confidence and self-expression.

Through these interactive and enjoyable experiences, Bal Mandir students learn foundational concepts while developing a love for learning in a fun and engaging environment.

Parent's Feedback

I am extremely pleased with my child's progress in Std V at Bhavan's B. P. Vidya Mandir, Koradi. Over the past years, I have seen significant improvement in Mrudula's academic performance, confidence, and overall personality. The teachers are very supportive and encourage students to think independently and develop problem-solving skills. The school provides a well-balanced mix of academics and extracurricular activities, which has helped my child become more active and engaged in learning. I appreciate the regular communication from teachers, as it helps us stay updated on our child's progress. Thank you for creating such a positive and nurturing learning environment."

Parent's Feedback

I am very happy with my child's progress at Bhavan's B. P. Vidya Mandir, Koradi Bal Mandir. Since joining the nursery, I have noticed a great improvement in his communication skills, confidence, and social interactions. The teachers are caring, patient, and always keep us updated on our child's development. My child enjoys coming to school every day and is excited to share what they have learned. The activities are engaging and help in developing creativity and basic learning skills. I appreciate the safe and nurturing environment provided by the school. Thank you for your dedication and support in my child's early learning journey.”

Sunshine Squad of BVMK

As you stand at the threshold of new beginnings, we want to express our deepest gratitude for the memories and moments you've shared during this journey. Your hard work, resilience, and camaraderie have set a remarkable example for all. May this next chapter bring you continued growth, success, and endless opportunities. Remember, the future is yours to shape—follow your dreams with the same passion and determination you've shown so.

we extend our heartfelt best wishes. May your hard work and dedication bring you the success you deserve in your 10th board exams. Remember all the lessons you've learned, both inside and outside the classroom, and face the challenges ahead with confidence and courage. We wish you all the best for a bright future filled with happiness and achievement!

~from the team

Aasheervachnam

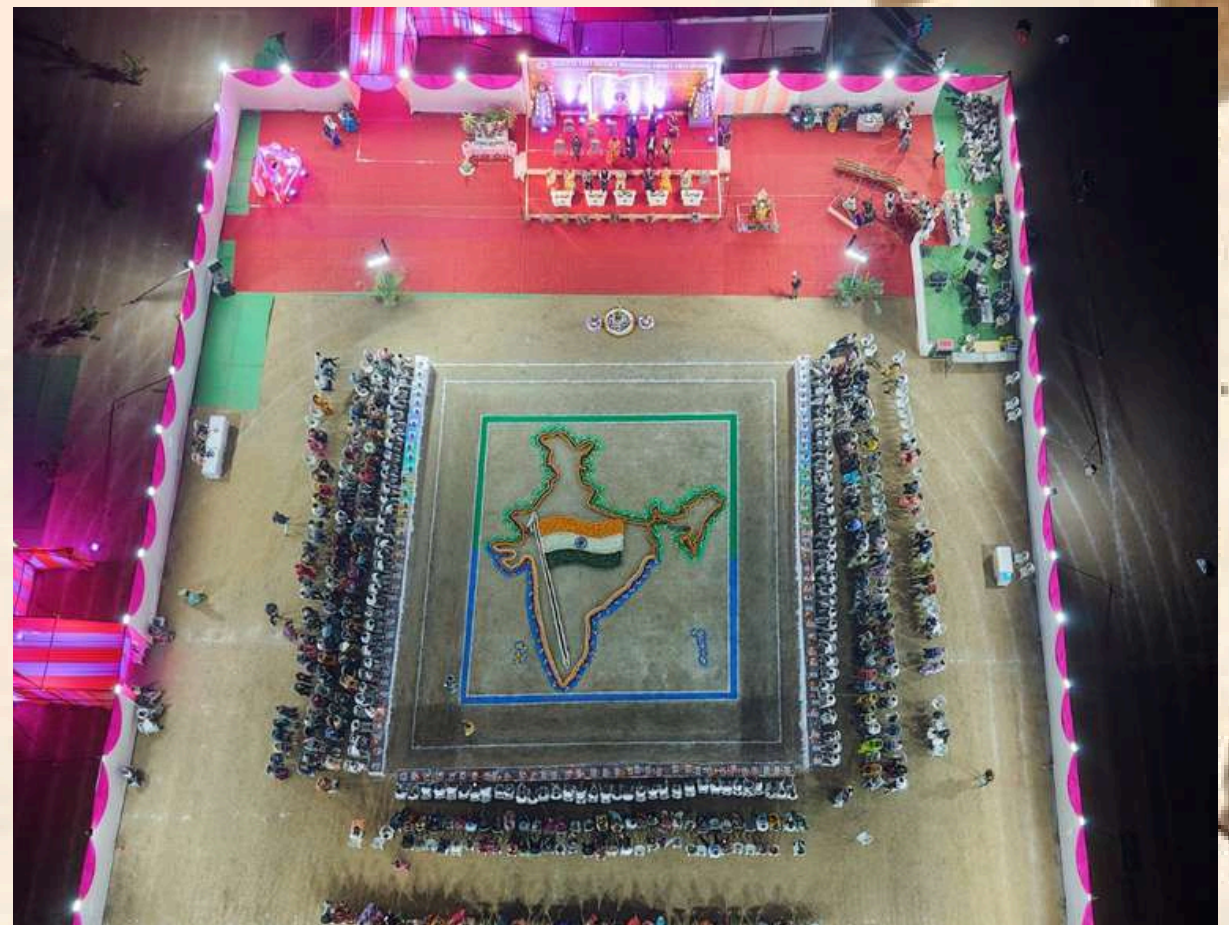

The school celebrated Aasheervachnam, a heartfelt farewell for the outgoing students of Class 10, on 23rd January. The event was a blend of emotions, with teachers, students, and parents coming together to bid a warm goodbye to the students who were about to step into a new chapter of their lives.

Aasheervachnam was not only a farewell but a celebration of growth, learning, and friendship. It marked a memorable day for both the students and the teachers, and everyone left with cherished memories and best wishes for the future.

The event was a reminder that school life is a foundation for a successful future, and the lessons learned will stay with the students forever.
