TEACHER'S TRAINING

IN SCHOOL THE FOLLOWING WORKSHOPS WERE CONDUCTED:

1) CLASSROOM MANAGEMENT:

Workshop on: Capacity Building Programme on Classroom Management

Conducted by: Sahodaya Group

Resource Persons: Smt. Bharati Bijwe, Principal,
Sandipani School, Nagpur,

Ms. Sarbani Bose, Principal,
Bhavan's B P Vidya Mandir, Koradi.

Date: 30th October, 2022 and 31st October, 2022.

Participants: Teachers from Bhavan's Bal Mandir and Bhavan's B. P. Vidya
Mandir, Koradi, Nagpur

Classroom management can be defined as the actions taken by teachers to create an environment that supports and facilitates both academic and social emotional learning of the students.

The objectives of this workshop were to adopt such managerial skills and techniques which will help the participants to handle classroom conflicts, design an effective discipline plan for their classrooms, create an effective teaching styles by enhancing teaching and learning process, adopt effective strategies for dealing large classes effectively and develop a personal plan of action for effective classroom management.

The workshop themed "Classroom Management" commenced with the discussion about the importance of classroom management playing a key role at the foundational stage of learning. It propagated that effective learning of the students is proportionally equivalent to an effective classroom management.

Principal Ms. Sarbani Bose madam asked teachers to share their ' Ah-Ha ' moment i.e. when they felt happy to be in a class and the ' Oh- No' moments i.e. moments when they countered some shortcomings in their classroom.

A splendid activity was conducted, where the participants had to enact as a teacher with different management styles i.e. authoritative, authoritarian, Detached and Democratic. From this activity the participants came to know that every individual who plays the role of an Authoritarian teacher can only establish strict rules without giving reasons which is very demanding. An Authoritative teacher establishes strict rules with giving reasons which is also very demanding but they can motivate the students, is warm, kind, polite, yet firm. Detached role play of a teacher shows that she is neither warm nor demanding and has indiscipline classrooms while Democratic teacher is helpful and does not set limits for students.

Madam emphasized on providing a suitable reward to the students that can act as a reinforcement for the students' appropriate behaviour. Positive rewards are not to be considered end of all classroom management because there are certain instances, when positive reinforcement will not be effective. The consequences should be used by teachers with the intention of making students aware of their own appropriate behaviour and its outcomes and so that ultimately, they begin to gain intrinsic satisfaction from their work and social interaction.

Sarbani Madam explained that probably the most important part of any classroom management plan is being consistent with how a teacher implements it. That means enforcing rules even when we don't want to, as kids will come to understand that we mean what we say in the classroom. The workshop concluded by showing an excellent video on how Shri Gopal Gaur Das explained that teachers should also try to understand a student's perspective since no one is wrong but everyone has a different perspective.

Sumathi Madam explained about the various terminology related to Gender like Gender Equality, Gender Equity, Socialization, Gender Inequality, Gender Roles, Gender Gaps, relations, Gender Stereotypes, Femininity, Patriarchy, Gender mainstreaming, Gender Neutral, Gender Blindness, sensitiveness, empowerment, and awareness.

The learned and erudite speakers communicated further about Gender Sensitive Schools, which promote gender sensitivity in classroom transactions and extracurricular activities. They explained about the role of teachers and management in establishing a gender Sensitive school. As an individual activity based on this topic, checklist was circulated to every participant to solve. The basic points in this checklist were the school vision and mission, school infrastructure and utilities, management, administration, curricular approach, Textual material, pedagogical practices, school uniform, school transport and school support mechanism.

The speakers made the teachers aware about Gender lens - 'If men can do it so can women.' They explained that our vision is the combination of what we can see with our both eyes. A gender sensitive sample lesson plan based on academic subjects was circulated among the participants to study it and to identify the aspects that make it gender sensitive. This activity made the participants clearer about gender sensitive classrooms.

The speakers also explained about the usage of Gender sensitive Language- As an educator they should avoid the generic use of he/his/him. By performing the activity, the participants understood about how to change the gender biased proverbs and phrases to make it gender neutral.

At the end the speakers inspired the teacher participants to use different methodologies and strategies in class to prove that the teacher is not gender biased but gender sensitive.

ENVIRONMENT EDUCATION

ACTIVITIES CONDUCTED FOR ENVIRONMENT EDUCATION.

1) WORLD NATURE CONSERVATION DAY CELEBRATION

"Those who conserve and preserve nature deserve to be part of nature." - Amol Gade

World Nature Conservation Day is observed every year on July 28 to raise awareness to protect Mother Earth. In order to spread the awareness about the importance and significance of World Nature Conservation Day, different activities were undertaken under the guidance of Principal Ms. Sarbani Bose.

1. Nature Walk- Students of Std. I and II were taken for the nature walk in the school premises and were shown different plants and birds. Class teachers gave information about different types and shapes of leaves and flowers available in the garden. They were made aware to uplift the quality of the living environment through afforestation.

Students of Std. I and II were taken along in the school premises for a Nature Walk.

2. Making of Paper Bags – Students from Std-I to X prepared paper bags with the help of Art teachers that were distributed to the parents on the Parents- Teacher Meeting Day. All the students enthusiastically participated in the activity and made beautiful paper bags.

3. Signature Campaign of Parents and Paper Bags Distribution- Signature Campaign of parents were conducted on the day of Parents Teacher Meeting on 30th July, 2022. Parents gave their views about not using Plastic bags and instead of that we can use paper bags and cloth bags. Student Volunteers of class IX and X distributed paper bags to all the parents.

4. Street Play (Nukkad Naatak) on Nature Conservation- Students of Std. IX and X performed a street play on World nature Conservation Day in the Assembly and on the day of Parents Teacher Meeting i.e. 30th July, 2022. The play was shown in three parts. In first part one child was dressed up as tiger and few students were hunters. They showed that we should not harm the wildlife. In

the second part two students had a conversation and gave message to the people not to spit on roads and not eat Tobacco as it is harmful. Through this they gave a message to the audience to Save Wildlife, follow Swachhta Abhiyan started by our Honorable Prime Minister Shri. Narendra Modi ji. In the last part of the skit students portrayed that not to use Plastic bags and also not take it from the vegetable vendor as Plastic harms our environment.

Through these activities, children of Bhavan's B.P. Vidya Mandir, Koradi got to know about the significance of this day. This will help to inculcate the habit of no use of plastics in the environment. Children and parents enthusiastically participated in all the above-mentioned activities.

2) WORLD NATURE CONSERVATION DAY CELEBRATION

“The Earth is what we all have in common,”

World Nature Conservation Day is observed every year on July 28 to raise awareness to protect Mother Earth. The aim to celebrate it is to conserve the about to extinct species and environment.

In order to spread the awareness about the importance and significance of World Nature Conservation Day, different meaningful activities were undertaken under the supervision and guidance of our Principal Ms. Sarbani Bose Madam.

1. Plantation Drive- Plants that give Oxygen 24 hours like Tulsi, Neem, peepal, Alstonia(Saptaparna), Bamboo, Erica Palm(Suparee Taad),Snake plant (Nagmani),etc.

The Plantation drive was organized to Wakeshwarvillage ,Dongargaon where we got the opportunity to visit and get wonderful experience of "NisargVed",which is a restoration project of natural Habibat. The place is owned and managed by CHIP Foundation. The student council members visited the place so as to inculcate the feeling of saving our mother nature in a small yet powerful way of plantation drive.

As we entered the arena, we were welcomed by Anirudh Chaoji Sir, an Ex- Forest Ranger and a member of CHIP Foundation Committee .His enthusiasm turned our children's mindset and motivated them to know more about the vast place .Children were given information about various tribes, plant regions, waterbodies, some rarely seen medicinal plants and their uses and lastly wildlife present there. From plants lethal to humans to plants known to cure cardiac ailments, sir possessed an unprecedented treasure of knowledge.

Following this trail, he briefed about the restoration and development of wildlife corridors accompanied by plantation drive.

The overall experience was informative, where the children took on bigger responsibilities taking leaps for becoming Global citizens and better people.

Student Council members along with Ex- Forest Ranger-
Shri Anirudh Chaoji Sir and escorting Teachers .

3) OZONE DAY CELEBRATION

To spread the awareness and make the young minds understand about the importance of Ozone layer and the need to protect this fragile shield of gas, the students of Bhavan's B.P Vidya Mandir, Koradi were involved in various activities conducted by Eco club to celebrate International Ozone Day on 16/09/2022.

On Ozone Day a speech was given by Mast. Akshat Senger in the morning assembly to spread the awareness about depletion of ozone layer and find possible solutions to preserve it.

Mast. Akshat Sengar giving speech on Ozone Day.

Miss Shatakshi Awasthi came forward and asked students to take a pledge to make sincere efforts for the preservation of the ozone layer for our benefit and the benefit of our future generations.

The Students of Std III to V made beautiful badges to further spread the message of SAVE OZONE, SAVE LIFE. These badges were given to respected principal madam and teachers to wear.

Miss Kritika giving badge to Principal Madam

The students of std VI to VIII took part in a collage making activity, highlighting the need of the ozone layer protection. The students effectively showcased their creativity to make everyone aware about the use of environment-friendly cleaning products, prohibit the use of nitrous oxide, buying air conditioning and refrigeration equipment that do not use HCFCs as refrigerant. They also advised to discourage the use of private vehicles and use public transport, carpool or bicycle through their collage.

Girls ... showcasing their creativity.

4) NATIONAL ENERGY CONSERVATION DAY

National Energy Conservation Day is celebrated on December 14. In order to illustrate the nation has made strides in energy conservation and efficiency the day is observed in the nation. The day to raise awareness of the importance of energy conservation for the present as well as future generations.

National Energy Conservation Day aims to generate awareness about importance of energy as well as saving or conserving the more energy by using less energy. The true meaning of energy conservation is using less energy by avoiding the unnecessary uses of energy.

Energy conservation should be rooted in the behaviour of children, the future generation activities were conducted by eco-club. To inculcate the practice of and improve the future a better way is talking about good practices on saving energy. Keeping this in mind student talk was conducted for std IV and V. The students actively participated and put forward their views and suggested different methods to save energy. They informed about simple ways which can be adopted to save energy at home. The best speaker among all the section gave a student talk in the assembly.

To make aware the alternative sources of energy to students, an essay writing activity too was organized for students of grade VI and VII. The topic of essay writing was “Alternative sources of energy”. The students enthusiastically penned down the different sources and the benefits of using these energy sources.

5) World Wildlife Day Celebration

Bhavan's B. P. Vidya Mandir celebrated World Wildlife Day on 3rd March at the school premise of the Koradi branch. Under the school's Eco Club, the World Wildlife Day was celebrated which was embraced by the presence of Dr. Jaydeep Das who is wildlife conservation and livelihood expert.

The event began with an address delivered by Dr. Das on various topics related to wildlife conservation. Dr. Das commenced his address by introducing the topic of wildlife to the students elaborating on wildlife species present in the deserts, oceans, grasslands, mountains, marsh lands and polar regions. He told the students that 1973 marks the 50th Anniversary of meeting of

endangered species of flora and fauna. Through his address, he sensitized the students about issues related to wildlife conservation such as growth of red algae in Florida leading to an odious stench, reproduction of fewer calves by North Atlantic Whales due movement of ships, extinction of various wildlife species owing to climate change among many others. He also educated the students with interesting facts about important wildlife species such as Bugunliocichla, cheetahs, Lonesome George (a Pinta Island tortoise), forest owlets, etc. He also spoke about various tiger reserves, wildlife sanctuaries and national parks present in India. He ended his speech by speaking about the importance of creating and protecting good habitat for the wildlife species and partnership with good organizations for this purpose. The event was concluded by an interactive question and answer session in which Dr. Das answered several interesting queries raised by the students.

6) NATIONAL CLEANLINESS DAY CELEBRATION

“Cleanliness is next to Godliness”, we have heard this many times, but do we follow this? Cleanliness should be followed by everyone. Maintaining cleanliness is an essential part of healthy living and neatness plays an important role in our day-to-day routine. So, to make every citizen aware of it we observe National Cleanliness Day on 30th January every year.

With the same motto and to make children understand the importance and to inculcate the habit of cleanliness Bhavan’s B.P. Vidya Mandir, Koradi, Nagpur has observed National Cleanliness Day on 30th January under the supervision and guidance of our Principal Ms. Sarbani Bose Madam. Under this Eco Club has organized Cleanliness Drive for children of Grade I to X. All the students enthusiastically participated in various activities conducted during the day. They are as follows –

- ❖ Nukkad Natak – Under this activity students of Grades VI, VII & VIII presented a street play in the assembly to make all children aware about their responsibility towards their nation and making the country clean.

7) Visit to NEERI Educational Visit

The Eco Club of Bhavan's B.P. Vidya Mandir, Koradi organized an educational visit at CSIR – National Environmental Engineering Research Institute (NEERI), Nagpur on 16th February 2023. Total 74 students of std. IX along with 4 teachers witnessed the magnificent educational visit.

USE OF DRONE IN AGRICULTURAL FIELD

During this education visit students of Bhavan's B.P. Vidya Mandir, Koradi spectated more than 5 research projects of NEERI. The objectives of these projects were to create awareness about the various pollutions caused by the industries which results to the depletion of Ozone layer. To prevent such industrial pollutions, CSIR – National Environmental Engineering Research Institute (NEERI), Nagpur invented an Air Pollution Controlling Device(APCD) with an aim to reduce air pollution. CSIR – National Environmental Engineering Research Institute (NEERI), Nagpur also created Waste water management project for filtering the waste water of the city to improve the quality of the water provided in the city.

8) CHIMNI DA DHABA:

World Sparrow Day is observed every year on 20th March. In order to spread the awareness and provide our avian friends especially the sparrows the much-needed grains and water.

A bird feeder gives you an ample opportunity to observe the wonders of nature, taking a little break from the hustle & bustle of daily life. Sound of joyful chirping of birds is a real stress buster.

An innovative activity by Green Schools of Nagpur supported by CHIP Nagpur was undertaken under the guidance of Principal Ms. Sarbani Bose.

'Chimni Da Dhaba' – An innovative and noble activity for the beautiful birds in our ecosystem.

Students of class V to VIII created innovative bird feeders for bird species especially sparrow and small birds. The bird feeders were made from recycled materials. The bird feeders were hanged in a shady place in open in various places the school premises.

Children enthusiastically participated in this activity, took responsibility of bird feeders.

This activity helped them to know about the wildlife in their community and foster an early appreciation for nature.

TOPIC - ENACTING THE STORIES

- 1. Nature of the activity – Group**
- 2. Procedure** – Stories form a very integral part of teaching a language. These stories help teach the students about the formation of sentences and how to express their thoughts and a lot of other things and plus they help in keeping the student's interest alive as the story's end is something that every student wants to know. It appeals to the inquisitive nature of the students. Any unfinished story always keeps the mind of the reader agitated. There is a better way of using the stories to English using stories. The students can enact the stories or the plays. In this way the students are personally engaged with the stories. They can bring their own interpretation of the character to life.
- 3. Learning Outcome** – The story will help them learn the language as they will be enacting it by dialogue which they will themselves extract from the stories and also modifications can be made to the plays to help the students be more interactive and creative. They can add more lines, characters, change the ending, bring in an interesting twist etc. The more creative the modification, more are the points awarded to the team. This also leads to personality development and helps them work as a team player and all the way the student was learning the language.
- 4. Development in Performance** – This entire process has many benefits besides being a very effective method of teaching the language; it helps preserve the literature, which is nothing but our culture. This method brings about the total learning experience that was meant to be provided by the story and in the end the student will definitely be able to answer questions without even preparing for it as an exam, besides the entire process is fun and not at all boring.
- 5. Development in Attitude** - Emotions help define the story and they form a very important aspect of the language and one's personality. If these emotions are left out then it would be very difficult to express ourselves. On the other hand, if such stories are enacted then every intention of the story becomes clear. The students have to immerse themselves into the atmosphere of the story and they have to put them in their positions.

Nature of the Activity : व्यक्तिगत गतिविधि

TOPIC :- पत्र लेखन का महत्व को दर्शाते हुए पत्र निर्माण

Procedure: पत्र विषय पर चर्चा करते हुए पत्र लेखन निर्माण के लिए विद्यार्थियों को प्रेरित किया गया।

लिखि नहीं पठवत हैं द्वै बोल

द्वै कौड़ी के कागद मसि कौ, लागत है बहु मोल।

"मैडम ! स्वास्थ्याधिकारी, पुलिस अधिकारी, संपादक क्या होते हैं हमें पता भी नहीं, फिर आप यह पत्र हमसे क्यों लिखवाते हैं?" हमसे छात्रों ने पूछा था। बात बिलकुल ठीक थी। पत्र, वह भी एक काल्पनिक समस्या के विषय में जो शायद ही कभी कोई लिखता हो - हम अध्यापक छठी से ही बच्चों को लिखवाना आरंभ कर देते हैं। यह सचमुच न्याय नहीं। जब बच्चा बीमार होता है तो स्कूल माँ-बाप से माँग करता है कि वे अपने हस्ताक्षरों से युक्त 'सिक लीव' लिखकर भेजें। इधर हम बच्चों से लिखवाते हैं कि प्रधानाध्यापक को दो दिन की छुट्टी की माँग करते हुए पत्र लिखो। इधर वास्तविक स्थिति में वह पत्र मान्य ही नहीं होता क्योंकि बच्चे ने लिखा है। यानी जो अध्यापक सिखा रहे हैं, वह वास्तविक जीवन से जुड़ नहीं रहा। यह प्रश्न एक प्रश्न-चिह्न की तरह मेरे समक्ष बाल्यकाल से ही खड़ा था।

मुझे भी विश्वास है कि पत्र-लेखन की अपनी एक गरिमा और गरमाई है, अर्थात् जो त्रिकोणीय भावनात्मक संबंध कलम-कागज़ और लेखक का हो सकता है वह कंप्यूटर के प्लास्टिक के बोर्ड, स्क्रीन और कुरसी पर बैठे मशीनी आदमी का नहीं हो सकता। यह बात सिर्फ कहने की ही नहीं है, इस बात को मैंने महसूस किया। जब मैंने छात्रों से मुझे पत्र लिखने के लिए कहा तो छात्रों ने खुद कहा, "मैडम! अंग्रेजी के शब्दों का प्रयोग थोड़ा हो सकता है। मैंने कहा, "कोई बात नहीं"। सभी ने पत्र लिखकर दिए और जब मैंने पूछा तो उन्होंने खुद बताया कि मैडम! जो मजा बैठकर लिखने में है, वह ई-मेल में नहीं। कुछ विद्यार्थियों ने कहा, "मैडम ! ऐसा लगता है कि हम आपसे बातें कर रहे हैं। कुछ ने कहा कि जो मन की बात हम लिख पाए शायद वह टाइप न कर पाते।

इस प्रकार जो आत्मीयता पत्र देते हैं वह भाव और गरमाहट किसी और साधन से प्राप्त नहीं हो सकती।

पत्र निर्माण से संबंधित नियमों, शब्द चयन, भाषा इत्यादि से भी छात्रों को परिचित करवाया गया। मूल्यांकन के आधार बिंदुओं से परिचित करवाया गया तथा उन्हें पत्र लेखन हेतु ऐसे प्रेरित किया गया।

Learning outcomes :

- भाषागत कुशलता का विकास करना, संचार के वैकल्पिक रूपों का प्रयोग
- अधिगम को आनंददायक एवं अनुभवात्मक बनाना, सीखने की प्रक्रिया को मूर्त रूप देना
- शब्द भंडार में वृद्धि करना, सृजनात्मकता का विकास, विचार विश्लेषण एवं तथ्यों का संकलन

Development in Performance :

विद्यार्थियों ने पत्र में सरल शब्दों का प्रयोग किया। पत्र की प्रस्तुति सुंदरता से की ताकि वह हमारा ध्यान अपने ओर खींच सकें।

Development in Attitude :

विचार विश्लेषण तथा तथ्यों का संकलन कर, सृजनात्मकता का विकास किया और पत्रलेखन के प्रति रुचि जागृत हुई।

वर्ग :- '५' वी

व्याकरण :- नाम , सर्वनाम, विशेषण , क्रियापद

शैक्षणिक साहित्य :- तक्ता

कृती :- नाम , सर्वनाम, विशेषण , क्रियापद शब्दांचा खेळ

शैक्षणिक उद्देश :- विद्यार्थ्यांना खेळता-खेळता समानार्थी शब्दांचे ज्ञान करून देणे

१ घर	२ बसणे	३ आम्ही	४ सुंदर	५ दोन
६ फूल	७ तेजस्वी	८ झाड	९ धावतो	१० नदी
११ निळे	१२ सर्वांना	१३ चालतो	१४ तू	१५ लिहिते
१६ वाचते	१७ स्वच्छ	१८ मी	१९ आकाश	२० खेळते

शिक्षिका कृती :-

शिक्षिका एक चौकोनी गोटी घेतील. त्याच्या चारही बाजूवर प्रत्येकी १,२,३,४ असे अंक लिहिले असतील. शिक्षिका चार विद्यार्थ्यांना ४ वेगवेगळ्या रंगाच्या (काळी, निळी, पिवळी , लाल) अशा प्रत्येकी एक गोटी देतील. प्रत्येकाला अंकाची चौकोनी गोटी (सापशिडी करिता खेळतात त्याप्रमाणे) खेळावयास देतील. जो अंक पडेल; समजा विद्यार्थ्यांचा दोन अंक आला तर त्या विद्यार्थ्यांस वरील तक्त्यावर दोन अंकाच्या रकाण्यात बसने हा शब्द आहे त्या शब्दाची जात कोणती ते ओळखायचे आहे. जर उत्तर बरोबर आले नाही तर त्याची रंगीत गोटी पुढे जाणार नाही. अशाप्रकारे प्रत्येक विद्यार्थ्याला संधी द्यावी. ज्याची गोटी सर्वात आधी विसाव्या रकाण्यात पोहचेल तो विजयी.

अध्ययन निष्पत्ती :- खेळाच्या माध्यमातून विद्यार्थ्यांना शब्दांच्या जातीचा (नाम, सर्वनाम, विशेषण , क्रियापद) अभ्यास होईल.

CHAPTER 11: LIGHT, SHADOWS AND REFLECTIONS

ACTIVITY: Construct a simple pinhole camera using materials available at home.

MATERIAL: Art and Craft

PROCEDURE:

A pinhole camera is a camera without a conventional glass lens. An extremely small hole in a thin material can create an image when all light rays from a scene go through a single point.

Based on the above concept the students were asked to construct a simple pinhole camera using the materials available at home. They were asked to observe lighted objects through the camera.

LEARNING OUTCOME:

1. Students understand how light rays travel in straight lines are used in the processing of images.
2. Students understand use of light rays to create a photographic image .
3. Students learned about bacteria and how it is all around us on people and on surfaces. Students develop an understanding of the correct hand washing technique to ensure their cleanliness

CLASS: X SECTION: B

SUBJECT : BIOLOGY

CHAPTER: 9 HEREDITY AND EVOLUTION

SUBTOPIC: DEMONSTATION OF INHERITED TRAITS

Method: Jelly beans game

Materials

- Jelly beans
- Toothpicks
- Paper bags
- Printing paper

Procedure:

- Students randomly select jelly beans (or other candy) that represent genes for several human traits such as tongue-rolling ability and eye color.
- Then, working in pairs, students randomly choose new pairs of jelly beans from those corresponding to their own genotypes.
- The new pairs are placed on toothpicks to represent the chromosomes of the couple's offspring.
- Finally, students compare genotypes and phenotypes of parents and offspring for all the pairs in the class
- In particular, they look for cases in which parents and offspring share the exact same genotype and/or phenotype, and consider how the results would differ if they repeated the simulation using more than four traits.

Learning Objectives

After this activity, students should be able to:

- Distinguish between genotypes and phenotypes.
- Determine the genotypes and phenotypes of offspring that could result from a given pair of parental genotypes.
- Describe why children are neither genetically nor phenotypically identical to their parents.
